NAPA VALLEY

JERICHO CANYON VINEYARD 2013 *Chimera*

From the most renowned vintage in recent memory, the 2013 Chimera is a pure spectacle of depth and concentration rarely seen in even the greatest of years. An amalgamation of an unprecedented 27 estate lots, this Cabernet based proprietary blend of four Bordeaux varietals is the pinnacle of complexity and character from this incredibly unique and highly coveted site. Deep aromas of blackcurrant, Angeleno plum and hints of anise give way to more site-specific and almost gentle remembrances of crushed stone and white flowers. The body of the beast has at long last been harnessed though may not be entirely broken for years to come.
