

JERICHO CANYON VINEYARD RESERVE 2017 *Cabernet Sauvignon*

2017's plentiful winter rains filled the soils depleted by Napa Valley's previous drought years. The vines responded with vigorous spring growth, growth our vineyard crew worked diligently to keep in check. With judicious use of irrigation and shade cloth, grape flavors developed beautifully despite several summer heat spikes. 2017 is a vintage we are unlikely to forget!

With hints of the old world, Jericho Canyon's 2017 Reserve is a medium to full-bodied Cabernet Sauvignon that is bright with blueberries, blackberries, and ripe plum. Once you open the spice box, subtle hints of all spice and thyme tease the senses, heightening the luscious berry flavors. Well-rounded tannins lightly frame the wine, providing the structure needed to evolve gracefully. An elegant wine, Jericho's Reserve 2017 is delicious now or may be aged 10-15 years for added complexity.
